in Order No. 26,654**

**O R D E R N O. 26,798**

**April 4, 2023**

In this order *nisi*, the Commission authorizes Liberty Utilities (EnergyNorth Natural Gas) Corp. d/b/a Liberty (Liberty) to make corrective modifications to rates approved in Order No. 26,654, as well as other tariff changes requested in Liberty's petition.

**I. BACKGROUND AND PROCEDURAL HISTORY**

In Order No. Order 26,654 (July 27, 2022) (Order No. 26,654) the Commission approved a \$4 million step adjustment to Liberty's revenue requirement, as well as recoupment of revenues back to the effective date of the step adjustment under the settlement agreement on permanent rates in this matter. A recoupment proposal, including rate calculations designed to recoup \$4 million over one year, was filed by Liberty on June 1, 2022 (Tab 123). An opportunity to review the recoupment proposal was afforded to the parties, and the Department of Energy affirmed its support of Liberty's recoupment plan in a letter filed July 1, 2022. The Commission's ordering clauses in Order No. 26,654 approved the recoupment proposal and rate change request as filed by Liberty on June 1, 2022. Order No. 26,654 at 4.

On August 16, 2022, Liberty filed compliance tariff pages.

On September 15, 2022, the Commission identified five tariff pages that contained rates that varied from approved rates, and issued a Letter of Non-Compliance (Tab 138) based on these variances.

On January 19, 2023, Liberty filed compliance tariff pages accompanied by a cover letter and several attachments. Liberty's cover letter stated that the rates identified in the Commission's September 15, 2022, non-compliance letter differed from the approved rates, but were nonetheless correct because the underlying rate schedules contained a mathematical error. Liberty also proposed other new revisions to other tariff pages.

On February 17, 2023, the Commission issued a procedural order determining that Liberty's January 19, 2023, tariff filing was non-complaint, and directing Liberty to seek permission to modify Commission approved rates and to implement any other corrective tariff changes.

On March 6, 2023, Liberty filed its Petition to Approve Changes in Rates Otherwise Approved in Order No. 26,654 (Petition).

Liberty's Petition and related docket filings, other than any information for which confidential treatment is requested of or granted by the Commission, are posted at: <https://www.puc.nh.gov/Regulatory/Docketbk/2020/20-105.html>.

## **II. LIBERTY'S REQUESTED TARIFF CHANGES**

### **III. COMMISSION ANALYSIS**

The Commission has the authority “after notice and hearing, to alter, amend, suspend, annul, set aside, or otherwise modify” its prior orders under RSA 365:28.

The authority granted under this provision is to be “liberally construed.” Appeal of the Office of the Consumer Advocate, 134 N.H. 651, 657 (1991); Meserve v. State, 119 N.H. 149, 152 (1979). Further, the Commission is authorized to fix rates after a

hearing, upon determining that rates, fares, and charges are just and reasonable. RSA 378:7.

The specific rates approved and implemented in this matter were based on a filing submitted after hearings on Liberty's step adjustment. The requested changes are not construed to be substantive rate changes, rather they are minor corrections to three rate classes that Liberty identified in implementing an approved rate change.

In addition, Liberty proposes further changes to headers, pricing terms, and rates that are intended to correctly memorialize orders and approved terms, and again are not construed by the company as substantive changes to rates or terms of service.

Having reviewed these requests, the Commission agrees that these are corrective and administrative changes that properly implement Liberty's approved rates, and we determine that the proposed changes are appropriate. We therefore GRANT Liberty's Petition to Approve a Changes in Rates Otherwise Approved in Order No. 26,654 on a *nisi* basis, ensuring interested parties and customers are afforded notice and have the ability to comment and request a hearing.

**Based upon the foregoing, it is hereby**
