TERMS AND CONDITIONS

Application Offer: This program covers products purchased and installed on or after January 1, 2014. Details of this program, including incentive levels, are subject to change or cancellation without notice. Applications with required documentation must be postmarked within 30 days of installation. **Funding is limited and will be available on a first come, first serve basis for complete applications until December 31, 2014 or until all funds have been expended, whichever occurs first.**

Eligibility: Incentives are available to all Liberty Utilities ("the Company") commercial or master-metered multifamily customers purchasing new heating, cooling or water heating equipment for a new or existing business or multifamily property with an active Company electric account. The program encourages installation be completed by a licensed contractor. All products must meet the eligible equipment requirements. Applications for natural gas equipment incentives are not available under this program. Contact your local natural gas provider for more information about their incentive programs. Businesses receiving incentives under any other electric utility HVAC program for like equipment are not eligible for this rebate. Any equipment installed on the premises deemed to be redundant in nature will not be eligible for incentives. Equipment must be installed at the address of the qualified account.

Proof of Purchase: An invoice and manufacturers specification sheet itemizing the purchased equipment's type, size, make and model, serial number of the system and date of purchase must accompany each rebate Application. The contractor's invoice must indicate the address where the equipment was installed.

Application: This application must be filled out completely, truthfully and accurately. The Customer must sign the application. **Submitted applications must be accompanied by the invoice and a copy of a recent electric utility bill and completed and signed W9 form.**

Payment: Please allow up to 45 days for payment. Payment processing may take longer if information is missing on the application or if the equipment invoice or electric utility bill is not included. The Company reserves the right to cap incentive amounts.

Approval, Verification, and Inspection: This program is being administered by Liberty Utilities known as the "Rebate Provider". The Rebate Provider reserve the right to verify sales transactions and to have reasonable access to your residence to inspect the system installed under this Program. Customer's contractor will verify that the installed energy-saving measures meet all applicable building codes; zoning laws, local, state, and federal requirements; and other relevant requirements. Contractor is responsible for any applicable permits as required by aforementioned code/law. Applicants agree to retain all records associated with this application for at least 3 years after the purchase date.

Endorsement: Rebate Provider does not endorse any particular manufacturer, contractor, vendor, product, retailer, system design or claim in promoting this program.
