**Calendar Year 2020 Reliability Enhancement Program
and Vegetation Management Program Results and Reconciliation**

ORDER OF NOTICE

On March 15, 2021, Liberty Utilities (Granite State Electric) Corp. d/b/a Liberty Utilities (Liberty or the Company) filed the results of its reliability enhancement program (REP) and vegetation management program (VMP) for calendar year 2020, and a request to increase rates to collect the related costs. Liberty filed the results and rate change request pursuant to settlement agreements approved in Order No. 25,638 (March 17, 2014), Order No. 26,005 (April 12, 2017), and Order No. 26,376 (June 30, 2020). The Company also filed supporting testimony and related exhibits.

The filing contains: (1) a report on the actual spending on VMP operations and maintenance (O&M) expenses and on REP capital investments for 2020, including an explanation of the difference between budgeted and actual expenditures; (2) a request to recover \$563,741 of 2020 O&M expenses (including a final reconciliation of 2019 O&M expenses) over the base amount of \$1,850,000 currently collected through base rates, as approved in Order No. 26,005 (April 12, 2017) and Order No. 26,376 (June 30, 2020); (3) a request to recover \$213,246 in revenue associated with \$1,566,370 of capital investments closed to plant in 2020; and (4) a summary of 2020 reliability performance.

Liberty proposes an REP/VMP (O&M) Adjustment Factor of \$0.00064 per kilowatt hour (kWh), which is higher than the charge of \$0.00008 per kWh approved for 2019 activities. *See*

Order No. 26,352 (April 30, 2020). In addition, Liberty proposes to increase base rates by 0.46 percent to recover the cost of REP investments. For a residential customer using 650 kWh per month, these combined changes would result in an increase of \$0.60 or 0.52 percent to the monthly bill.

The initial filing and subsequent docket filings, other than any information for which confidential treatment is requested of or granted by the Commission, will be posted to the Commission's website at www.puc.nh.gov/Regulatory/Docketbk/2021/21-049.html.

The filing raises, inter alia, issues related to whether Liberty appropriately accounted for the costs of its REP and VMP; whether the resulting rates are just and reasonable, as required by RSA 374:2, RSA 378:5, and RSA 378:7; and whether the proposed rates will yield a just and reasonable rate of return on the prudent cost of plant, equipment, and capital improvements used and useful in Liberty's provision of service to the public, as required by RSA 378:28. Each party has the right to have an attorney represent the party at the party's own expense.

Based upon the foregoing, it is hereby

ORDERED, that, consistent with Governor Christopher T. Sununu's Emergency Order #12, the Commission will hold a web-enabled remote hearing, pursuant to N.H. Admin. Admin. R., Puc 203.17.
