

Important Notice Regarding Your Gas Bill

On March 15, 2021, we filed a request with the New Hampshire Public Utilities Commission (NHPUC) to approve our summer Gas Supply Charge. The rate will be in effect from May 1st through October 31st.

The Gas Supply Charge we filed for all customers beginning May 1, 2021 was \$1.2165 per therm.* This rate may be adjusted up or down during the summer period based on the actual market price of gas. An increase of more than 25% of the initial approved rate is not permitted without special approval from the NHPUC. The Gas Supply Charge represents the price we pay for gas on the energy market. We do not profit from this charge.

At the time of the printing of this insert, the NHPUC had not yet ruled on our filing. Please see our website for all current rates. For more information, please call us at 1-603-352-1230 or contact the NHPUC's Consumer Services and External Affairs Division at 1-800-852-3793.

* Docket No. DG 21-050
