

Save up to 20% on your natural gas bill

The Home Performance with ENERGY STAR (HPwES) program takes a holistic approach to saving energy in your home.

Sign up for the HPwES program and an energy expert will come to your home and perform an energy audit. There is a \$100 fee for this service, which includes diagnostic testing for air and duct leakage. If you move forward with weatherization recommendations provided, the \$100 audit fee is reimbursed, and you will also be eligible to receive:

- A rebate of 100% of the installed cost of air sealing in your home and 75% of the installed cost of insulation (up to \$6,000)
- 2% financing through select local financial institutions
- 0% on-bill financing available through Liberty
- Eligible to receive two FREE Wi-Fi thermostats plus other energy saving measures

For more information and to sign up, visit www.NHSaves.com/HPwES.

Tax Credits Available for Home Improvement

Good news for NH residents! The IRA reinstated and increased the **Energy-Efficient Home Improvement Credit**, which allows households to credit up to 30% of the cost of energy efficiency home upgrades against their taxes. This credit can total up to \$1,200 per year for weatherization work completed at your home. The full credit is available for home improvements made starting in 2023.
